Apprenticeship and On-the-Job Training

BACKGROUND

Various Public Laws provide for the payment of a monthly training allowance by the U.S. Department of Veterans Affairs (VA) for eligible persons pursuing a full-time on-the-job or apprenticeship program that is approved in Kansas by the Kansas State Approving Agency.

WHAT IS APPRENTICESHIP TRAINING

Apprenticeship training is on-the-job training coupled with theoretical related instruction. You receive your VA benefits while working full time and earning wages. Apprenticeship programs are normally for two years to five years in length. Although program registration with the Department of Labor - Bureau of Apprenticeship and Training (BAT) and Kansas State Apprenticeship Council is not mandatory for veteran's benefits, it is recommended in order to receive journey worker's papers upon successful completion. Some examples of approved apprenticeship programs are carpenter, electrician, plumber, sheet metal worker, fire-medic, machinist, and roofer.

WHAT IS ON-THE-JOB TRAINING

On-The-Job Training (OJT) is training you receive while actually performing a job and earning wages, as well as receiving VA benefits. OJT programs are normally from six months up to two years in length. Some examples of approvable OJT programs are welder, painter, cook, press operator, auto mechanic, and locksmith.

NOTE: THESE ARE NOT INCLUSIVE LISTINGS. THERE ARE CURRENTLY OVER 900 TRADE AREAS THAT CAN BE APPROVED.
